Instructions

The model for Gossamer Spring is recommended to be stitched over 1 on 25 count fabric but you may use any count that you are comfortable with. Please use 1 strand of floss or 2 depending on your coverage preference. Charts are recommended to be stitched from page 1 top left to the last page bottom right.

If the chart contains Kreinik 032 #4 (very fine braid) we recommend that you experiment with a couple of options. Start with 1 strand of Kreinik 032 Blending Filament with one strand of white as well as trying the Very Fine Braid to determine the look that you like most.

You may also use the tent stitch or full crosses depending on your preference.

We thank you for purchasing this design and welcome any questions or comments that you may have.

[illegible]

Figure 1 displays a large grid of 1000 small images, arranged in 20 rows and 50 columns. The columns are labeled 80, 90, 100, 110, 120, 130, 140, and 150. The rows are labeled 480, 490, and 500. The images show a complex, fractal-like pattern that evolves over time, with the pattern becoming increasingly intricate and self-similar as the column index increases.
